

## Student Self-Knowledge and Assessment

Directions: Below are several questions that ask you to evaluate yourself and your experiences as a student, specifically in Language Arts. On a separate sheet of paper, please answer the questions in paragraph form, giving each question's answer its own paragraph. Each paragraph must contain at least three sentences, and each paragraph must begin with a topic sentence that ties the reader back to the question.

- How much (or how little) do you enjoy the subject of Language Arts? Why?
- What successes have you previously had in Language Arts courses? (What were you particularly good at, comfortable with, etc.) Why were you largely successful in those areas?
- What struggles have you previously had in Language Arts courses? (What types of things were you less than successful with? These may be specific projects, units, etc.) Why were these struggles for you?
- What could and should you do differently this year? How will you try to implement those changes?
- What do you most hope to get out of this course (beyond just a good or passing grade)?
